

THE WORKSHOP

at Pendle Community High School & College

Christmas Catalogue
2018 - 2019

Festive Collection 2018

Welcome to Pendle Community High School & College's first ever christmas catalogue!

We have lots of exciting products made from recycled wood and handcrafted by our students. All of our products are made to order so we have limited quantities, but we will do our best to fulfil every order. Please allow time for the products to be made. The order form can be found on the back page. Once we have received your order, a member of staff will be in touch to let you know when your order will be ready to collect. Cash is payable on collection, unfortunately we cannot accept card payments.

All funds raised will go back into school and used to enhance the students' education.

Thank you for supporting our outstanding school & college.
