Christmas Catalogue
2019

Festive Collection

2019

Welcome to The Workshop Christmas Catalogue 2019!

We have lots of exciting products made from recycled wood and handcrafted by our students at Pendle Community High School & College. All of our products are made to order so we have limited quantities, but we will do our best to fulfil every order. Please allow time for the products to be made. We have also collaborated with The Kitchen this year to bring you some premium festive gifts including homemade jam, chutneys and preserves!

Order forms can be found at the back of the booklet - please ensure you fill in the correct form. Once we have received your order, a member of staff will be in touch to let you know when your order will be ready to collect. Cash is payable on collection, unfortunately we cannot accept card payments.

All funds raised will go back into school and used to enhance the students' education.

Thank you for supporting our outstanding school & college.
