20th December 2019

Dear Parent/Carer,

In January as part of the Post 16 curriculum we will be working with Lancashire Sexual Health Service.

This is NHS provision which offers free support to individuals covering a range of services. At Pendle Community College we aim to support our young people in gaining the relevant information regarding their sexual health.

Through small group tutorials the students will receive the correct information from health professionals, to assist them in making decisions about their sexual health and how to access local sexual health services.

Yours sincerely

N Dean
