

Christmas Catalogue
2020

Festive Collection 2020

Welcome to The Workshop Christmas Catalogue 2020!

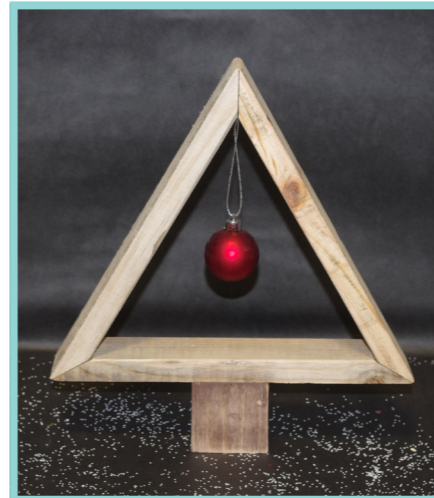

Although Covid has put a stop to many of the events and activities we usually look forward to over the festive period, we won't let it stop us from bringing you our annual catalogue!

This year, we have lots more exciting products made from recycled wood and handcrafted by our students at Pendle Community High School & College. All of our products are made to order so we have limited quantities, but we will do our best to fulfil every order. Please allow time for the products to be made. After last year's success, we have once again collaborated with The Kitchen to bring you some premium festive gifts including homemade jams, chutneys and preserves!

Order forms can be found at the back of the booklet. Once we have received your order, a member of staff will be in touch to let you know when your order will be ready to collect. Cash is payable on collection, unfortunately we cannot accept card payments.

All funds raised will go back into school and used to enhance the students' education.

Thank you for supporting our outstanding school & college.

Small festive triangle

£3.00

Bark candle holder

£2.00

North pole large decoration

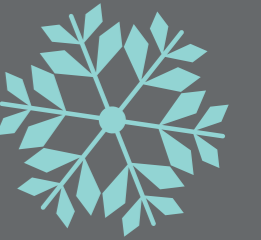

£10.00
