

## Wheelchair Services

14th March 2023

Dear Parent/Carer

Please find attached a form that we have received from the wheelchair services.

Until now the service has had a policy that parents must be present at any appointment held in school. After review, it has been decided that with the parent or carer's written consent a pupil can now be seen in the school clinic, should a parent be unable to attend the appointment.

If you wish for this arrangement to be available to your family, could you please fill in and return the attached form. These responses will be collated, and your consent recorded for future clinics.

Yours sincerely

Mrs P Richardson  
Teaching Assistant
